TO OUR CSDA STUDIO FAMILY,

At Center Stage Dance Academy, the health and safety of our staff and students are our most important priorities.

As COVID-19 continues to spread and affect many parts of the U.S., we have been closely monitoring local conditions. After consulting with industry leaders, local government, and health care professionals, we have determined that it is in the best interest of our staff and families to temporarily suspend all in studio classes.

Effective March 15th the studios will be closed at least until March 29th, to help slow the spread of COVID-19.

To manage this change, we will be moving our previously scheduled spring break up to the first week of our closure March 16th-21st (meaning we will not have our April vacation off).

For March 23rd-28th we will convert to online classes and resources until classes resume. Details of how to log in to our online classes & content will be sent in a follow up email this week and posted on our private studio member site. It is important for us to continue providing lessons to our students in order to give them some normalcy and consistency in this otherwise challenging situation. We have been proactive in planning for this and are thankful to have the technology to be able to continue to serve our dance family and keep moving forward together in these trying times.

As a small business owner, employer, educator and mother, I am doing my best to take care of our entire studio family and keep the health and safety of our students, families and staff a top priority. Our entire staff will continue to work together to create content that your dancers can use to keep moving at home. We look forward to sharing class videos of choreography and online resources to keep you dancing. We want to make every effort to maintain what our students have worked so hard to learn this year and know that keeping our bodies and minds moving will be good for our physical and mental health. We welcome you to reach out to us with any questions you might have on this information.

In the meantime, recital dates will remain unchanged. Costumes and accessories are in, labeled, and hung in my garage. We will continue to monitor the situation, and should other changes to our season be needed, we will update you accordingly.

Thank you dance family for taking the appropriate steps with us to lessen the risk to our community as much as possible.

We are stronger together and greatly appreciate your support during these challenging times.

In partnership and with love,
Miss Tiffany
